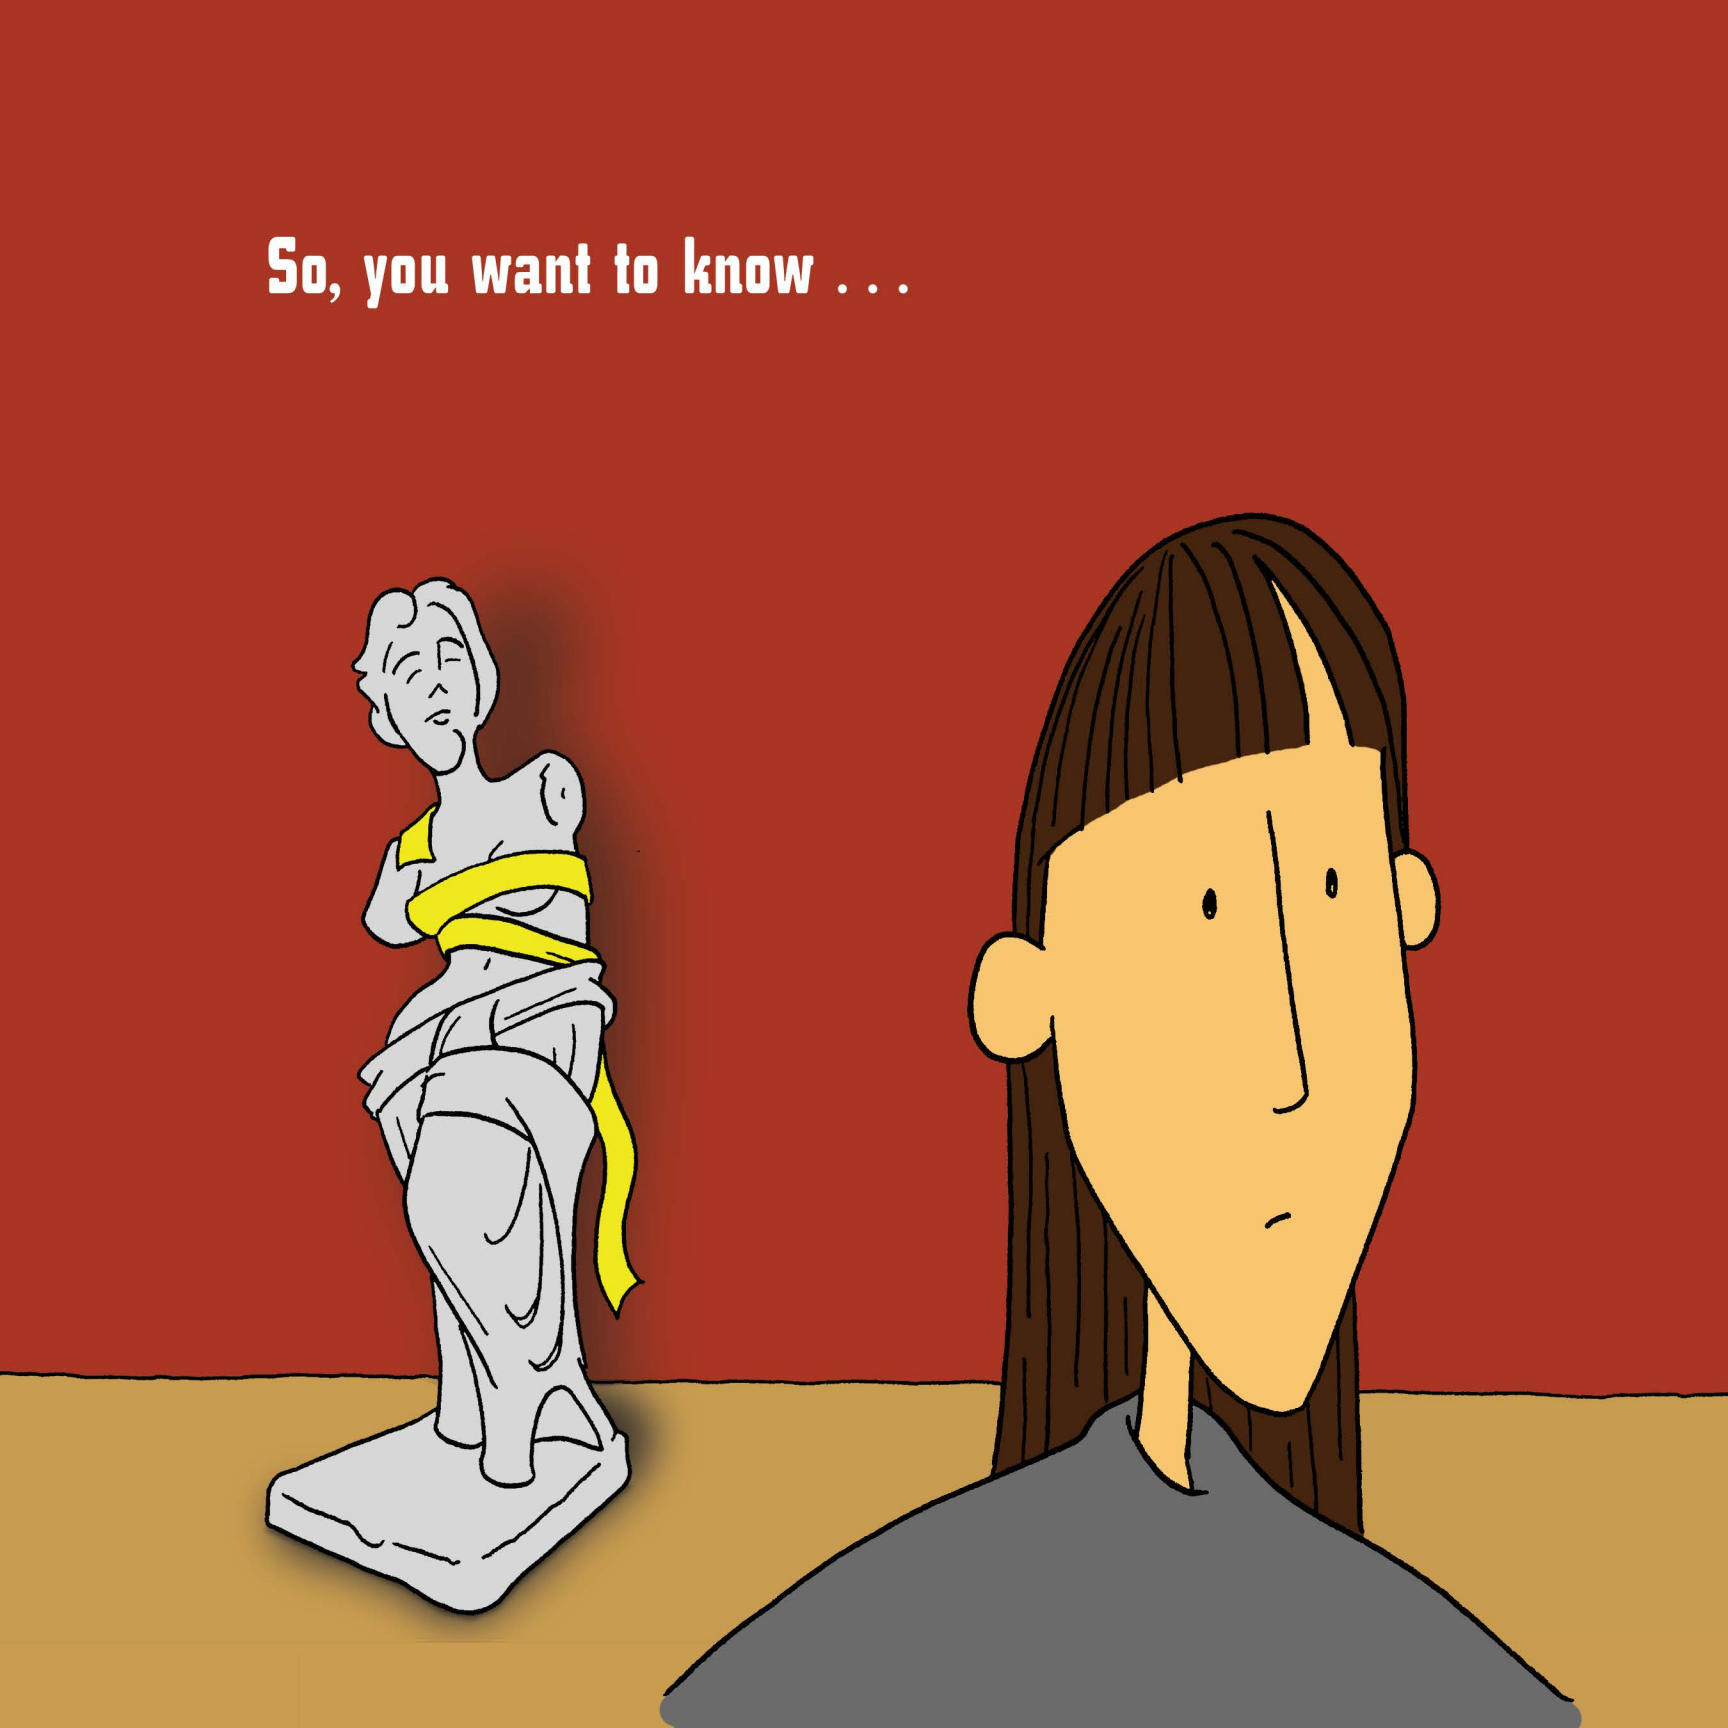
So, you want to know . . .



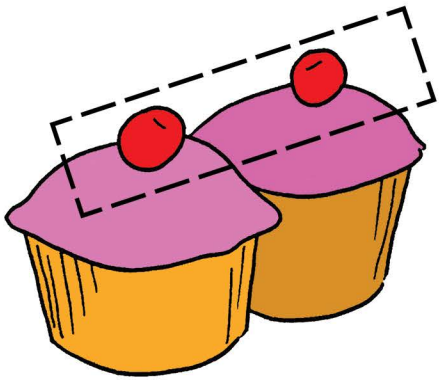
What ever happened to

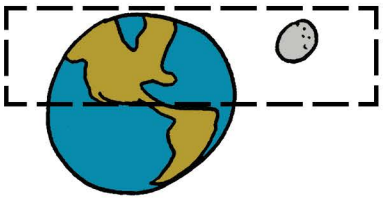
N/88LES?

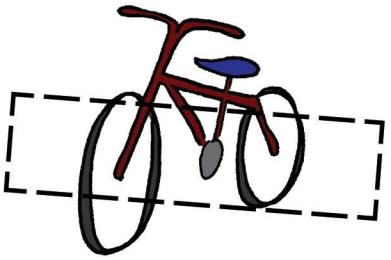
First of all . . .

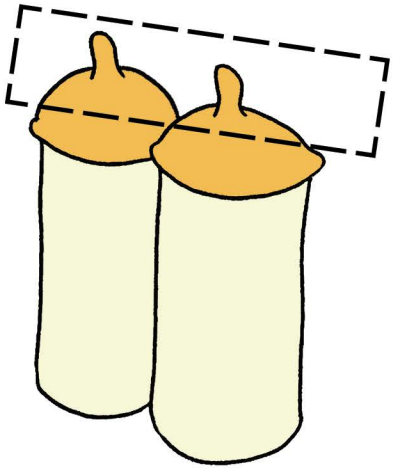
Cut out this rectangle!
You'll use it to read along with me.

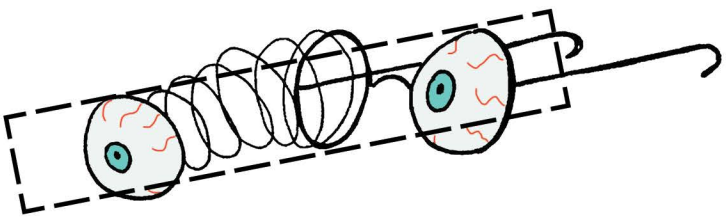
You can practice using it here.



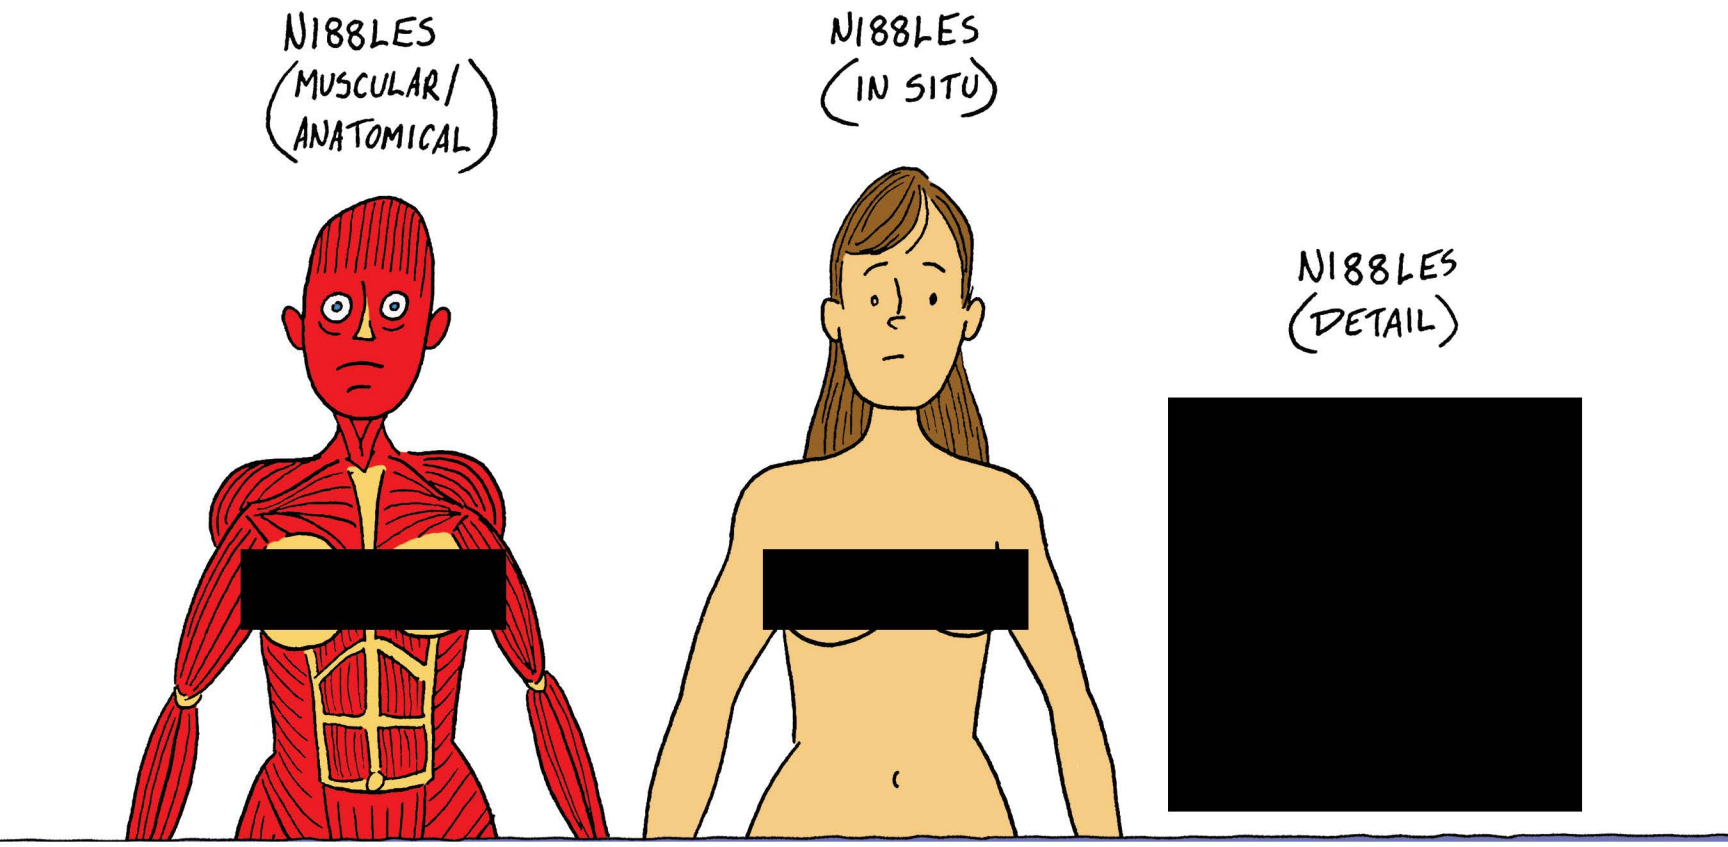




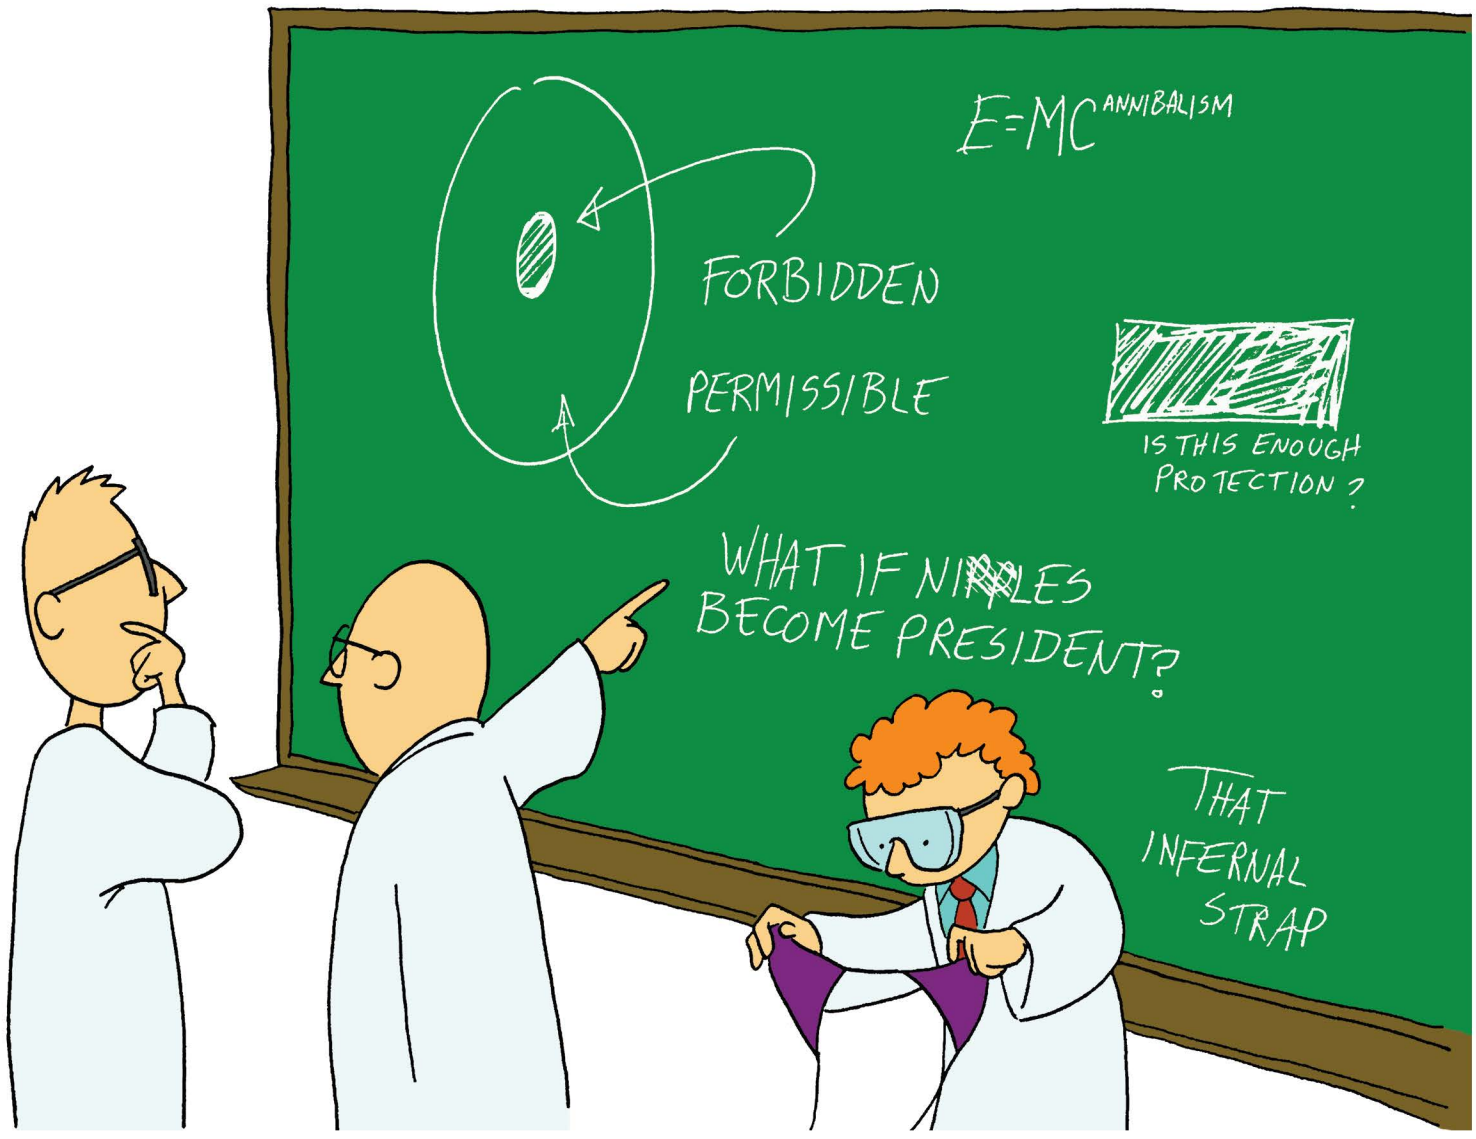




Now, what were n/88les?

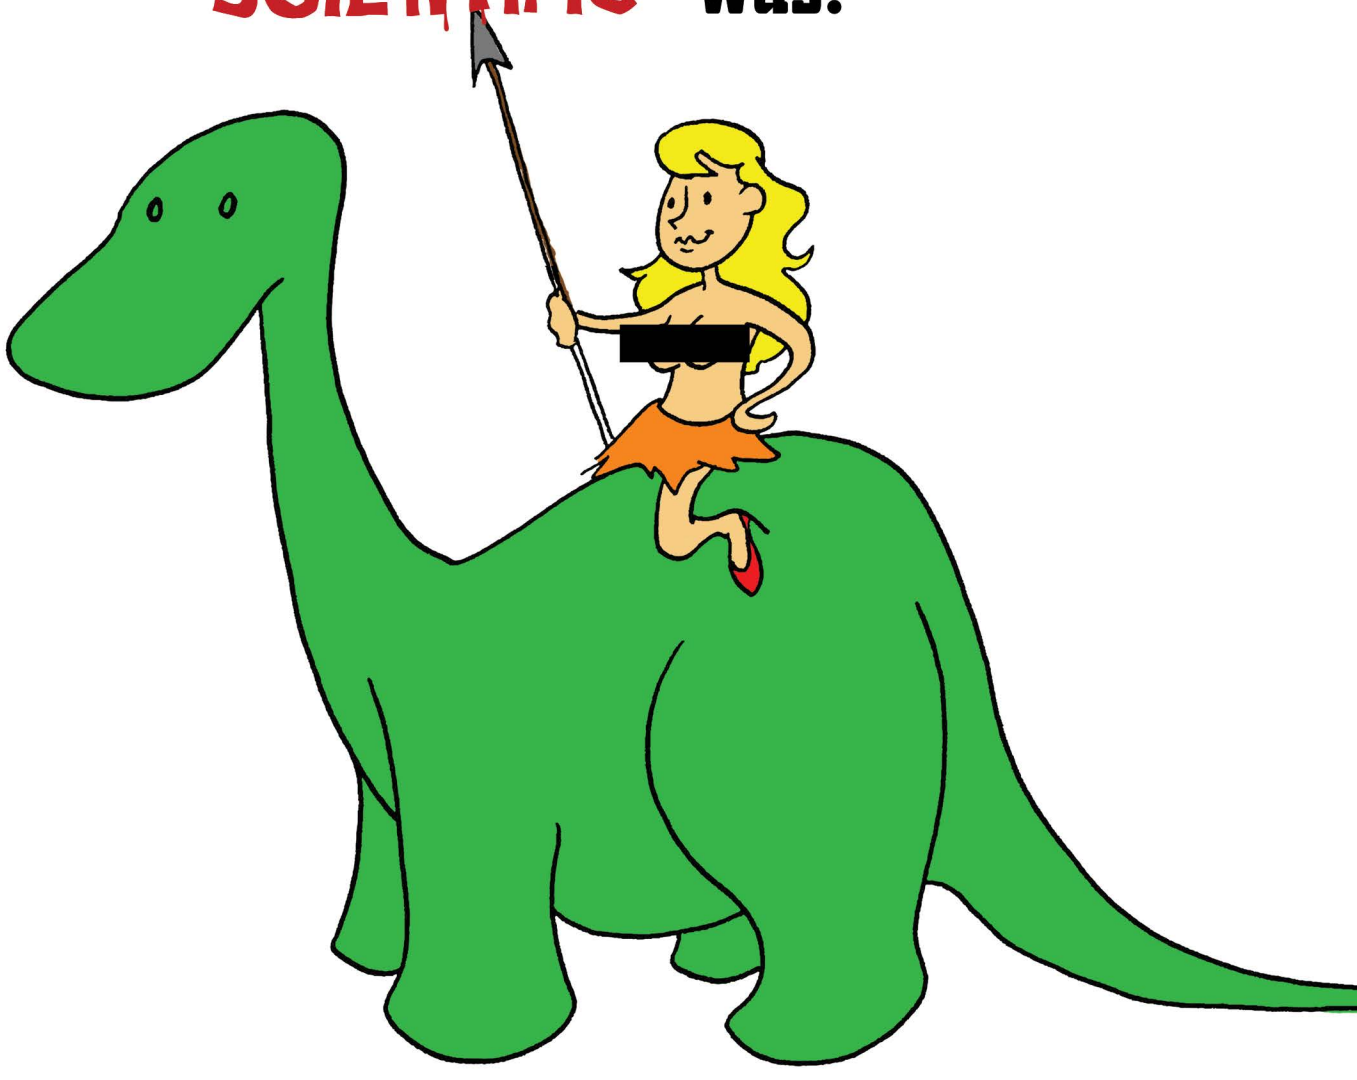


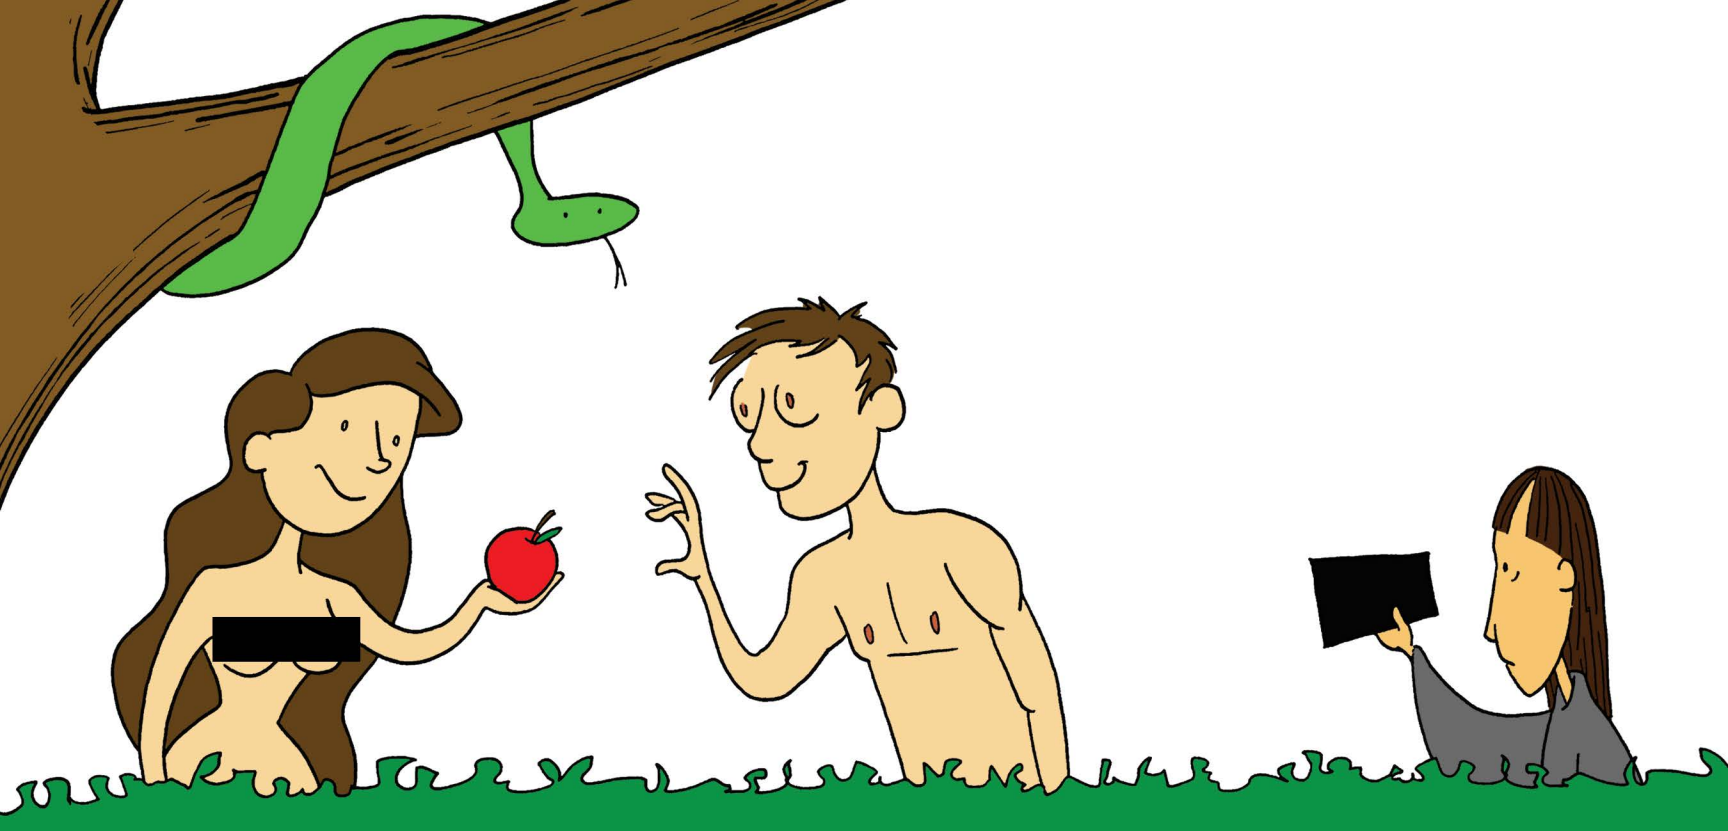
N/88les were something a man would find at the end of a w&★n's br★st. They had no real purpose except to make t/ts a little scientific.



Don't worry about what

"SCIENTIFIC" was.

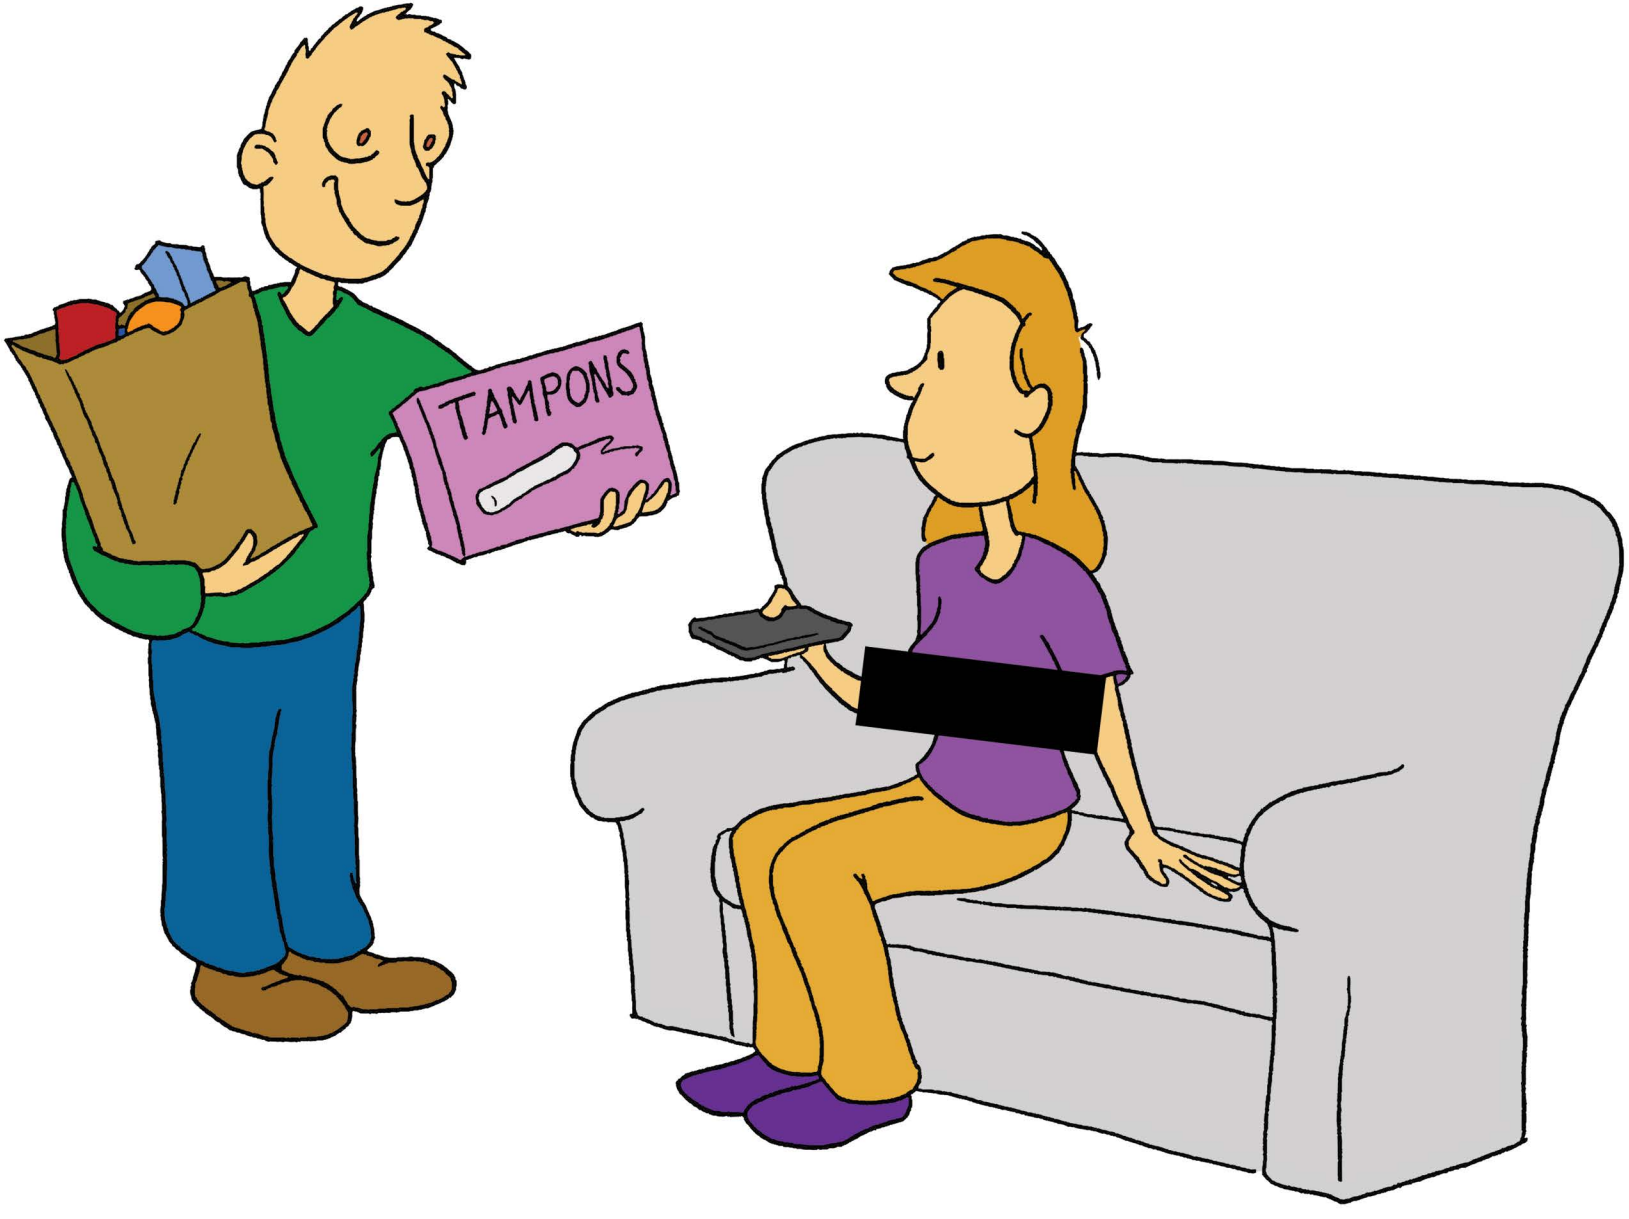




N/88ples had strange magical powers over men,
something ancient tribes called . . .

Areola

When visible, n/88les could cause men to buy things they didn't need . . .



. . . believe things that weren't true . . .

. . . and support causes they didn't believe in . . .

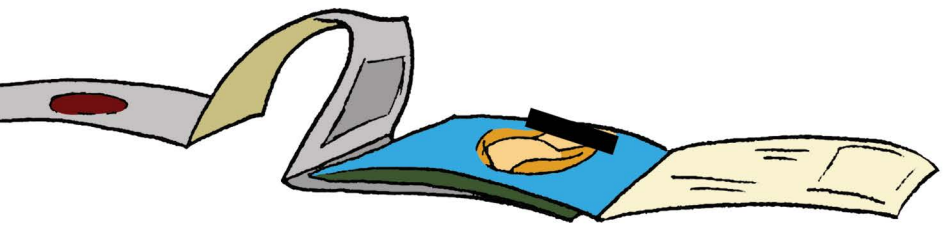
For this reason, w&★n were allowed to have n/88les, and even to talk about them,

BUT they had to keep them hidden most of the time.

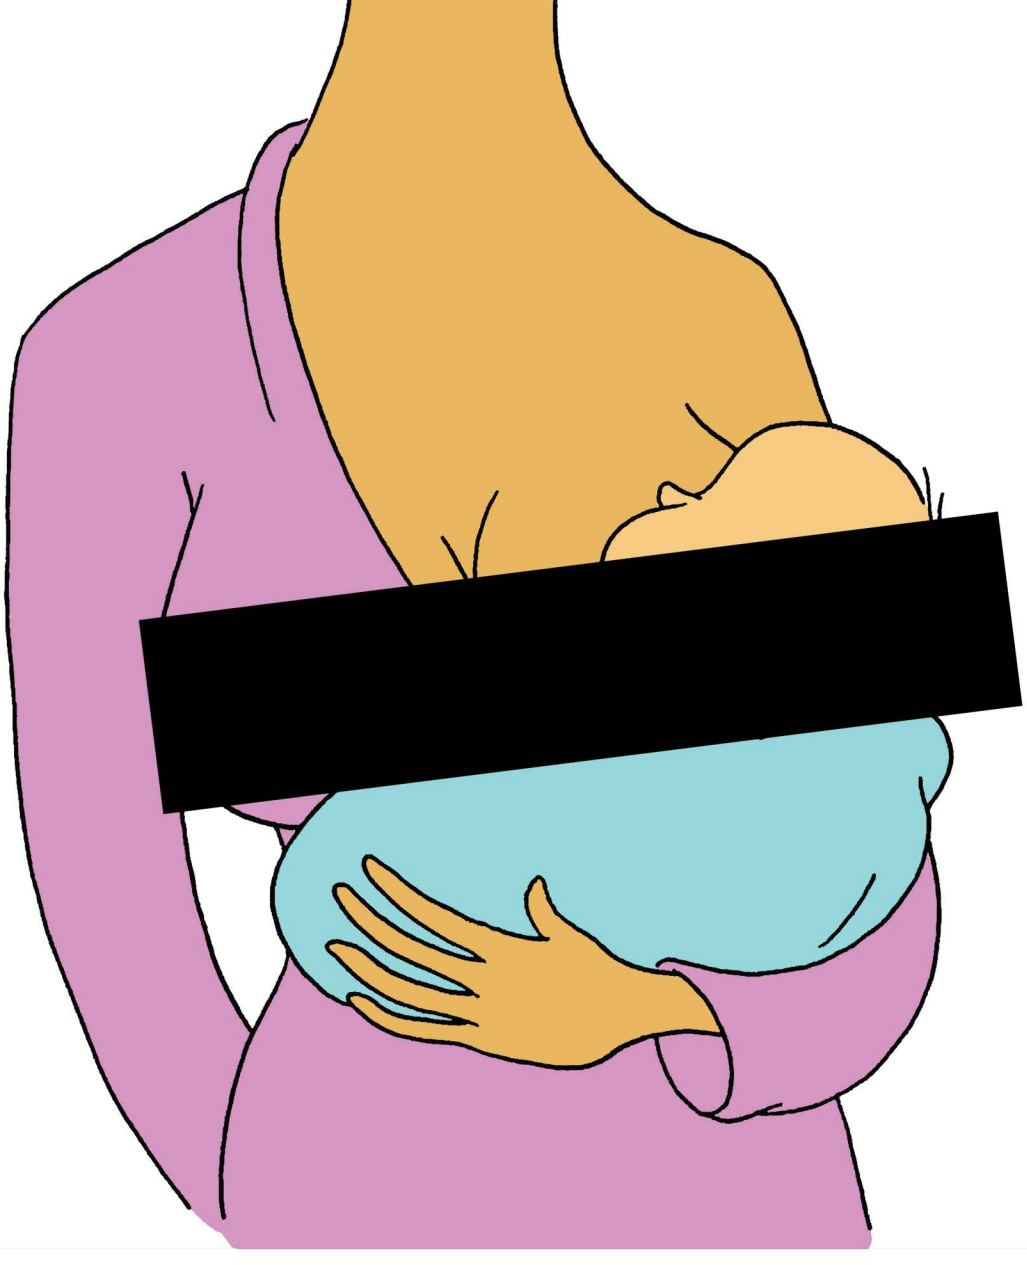
The very special situations where w&★n were allowed to show their n/88les are pictured below.

(The n/88les are removed, of course)

So, what ever happened to them?



Some w&★n got so confident about revealing their n/88les that they started to show them in inappropriate places, like not in movies and not in Europe.



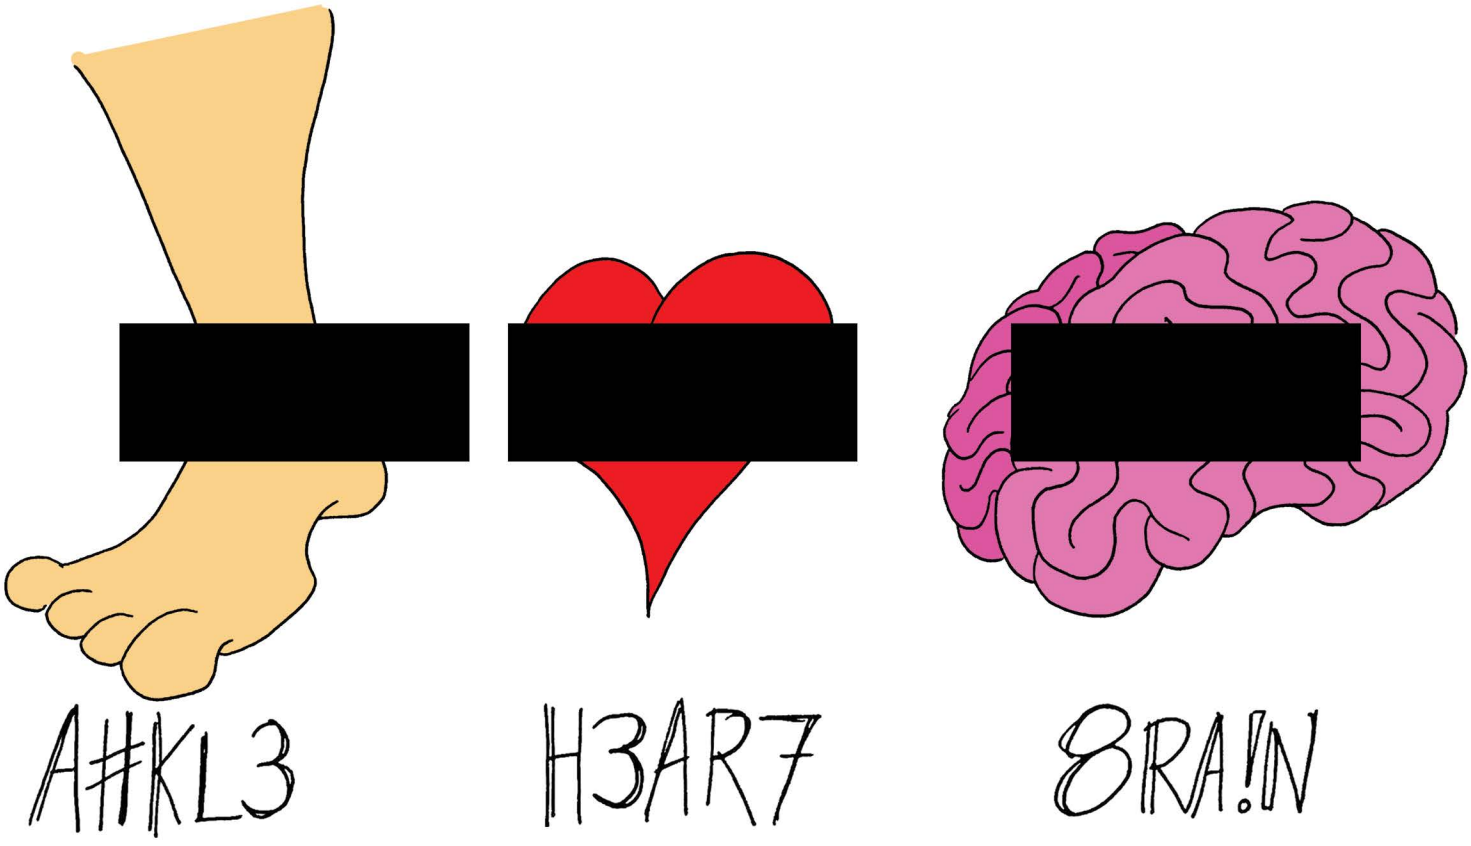
Some were allowing infants to put n/88les in their

MOUTHS.

This, of course, encouraged babies toward cannibalism.

That's a scientific fact.

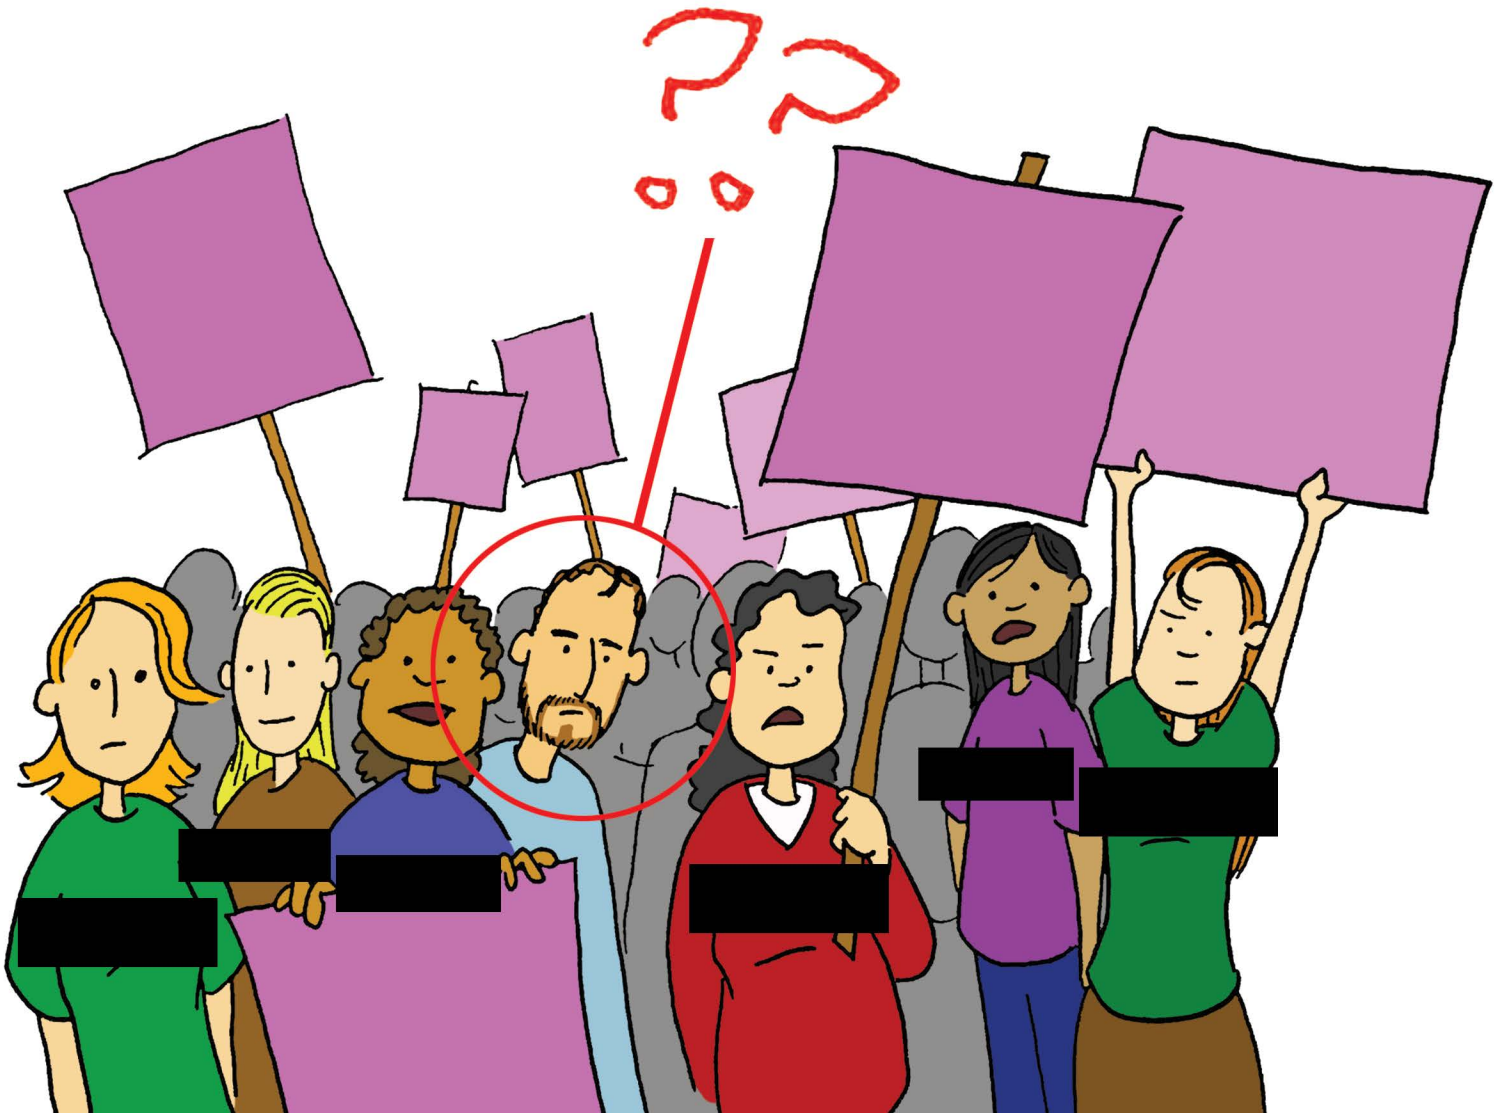
Soon, w&★n were starting to display other forbidden parts of their bodies.



THEY BEGAN TO FORM MILITIAS.

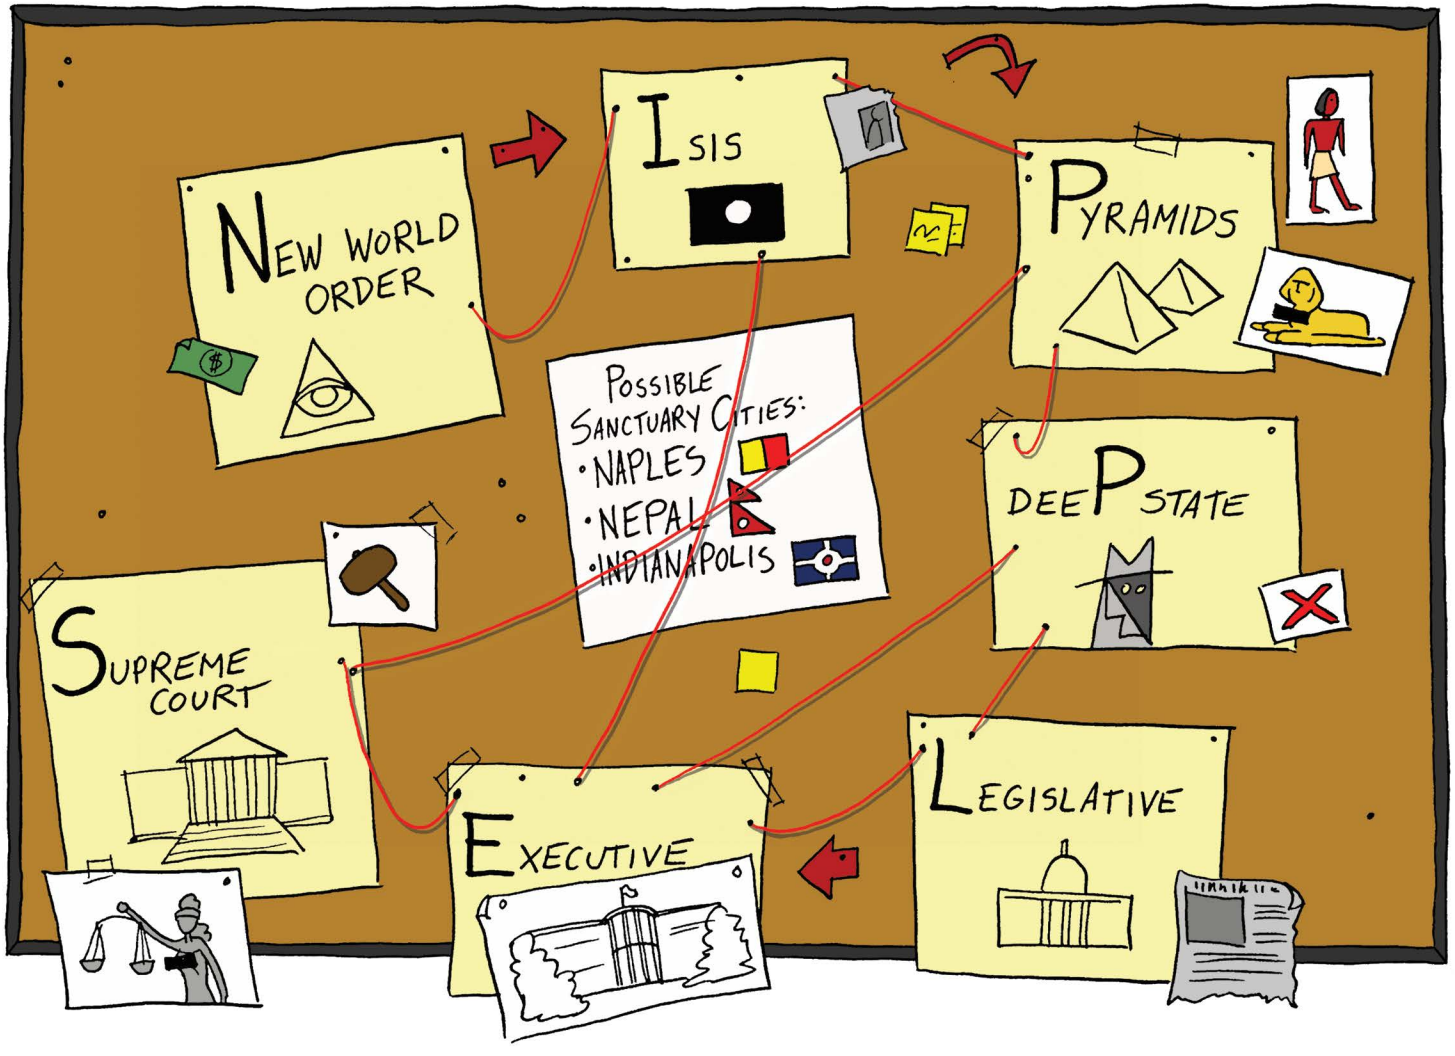
Facilities and clubs appeared that were just for w&*n,
places where they would convince each other that they could be
doctors, stockbrokers, politicians, and people.

They seduced, cajoled, and nagged weak men
into listening to them, trusting them,
or even respecting them.



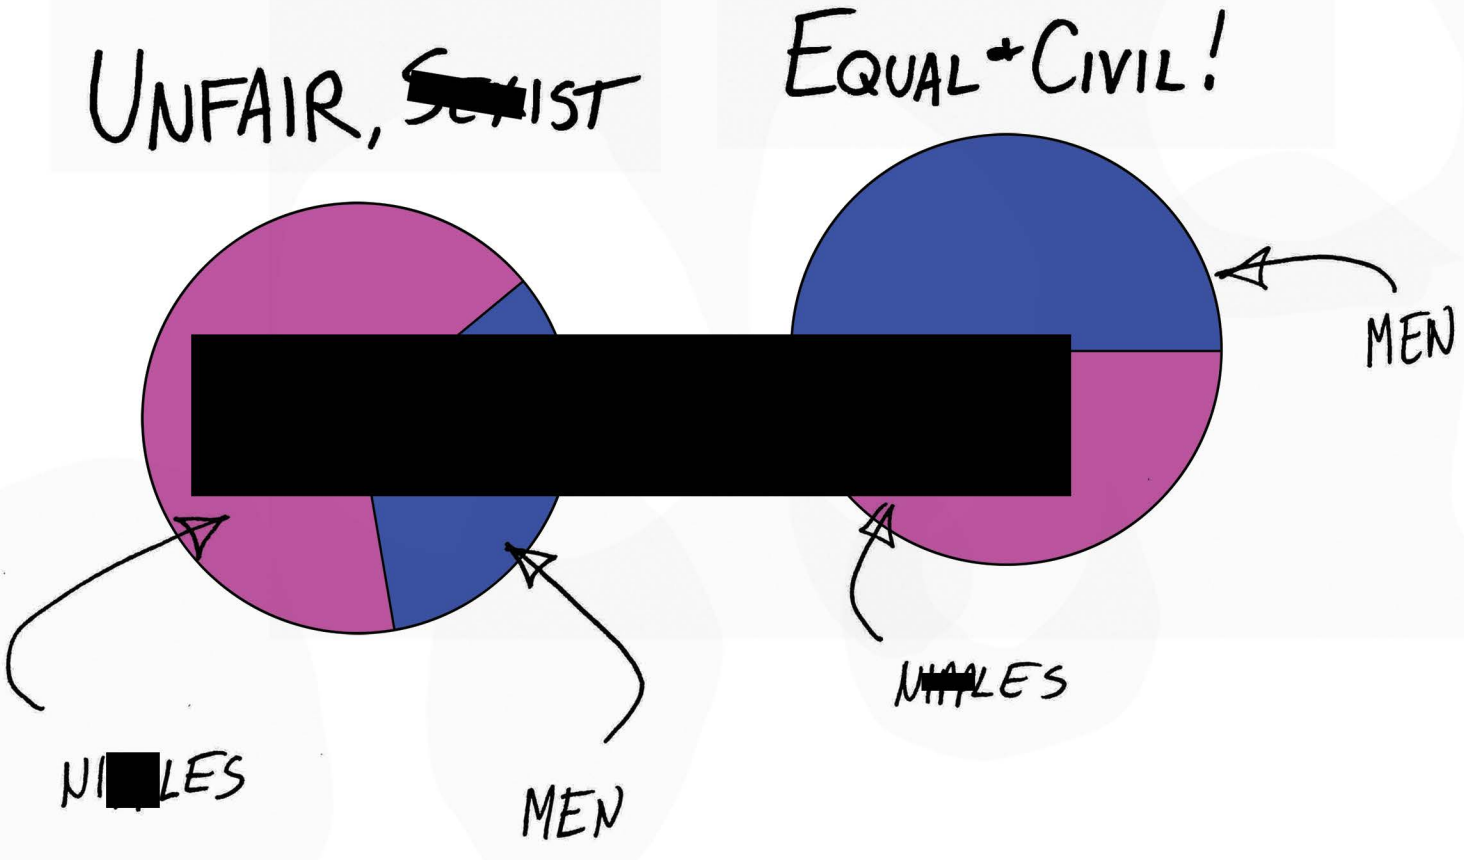
All of this, led by the invisible hand of the

N/88LE.



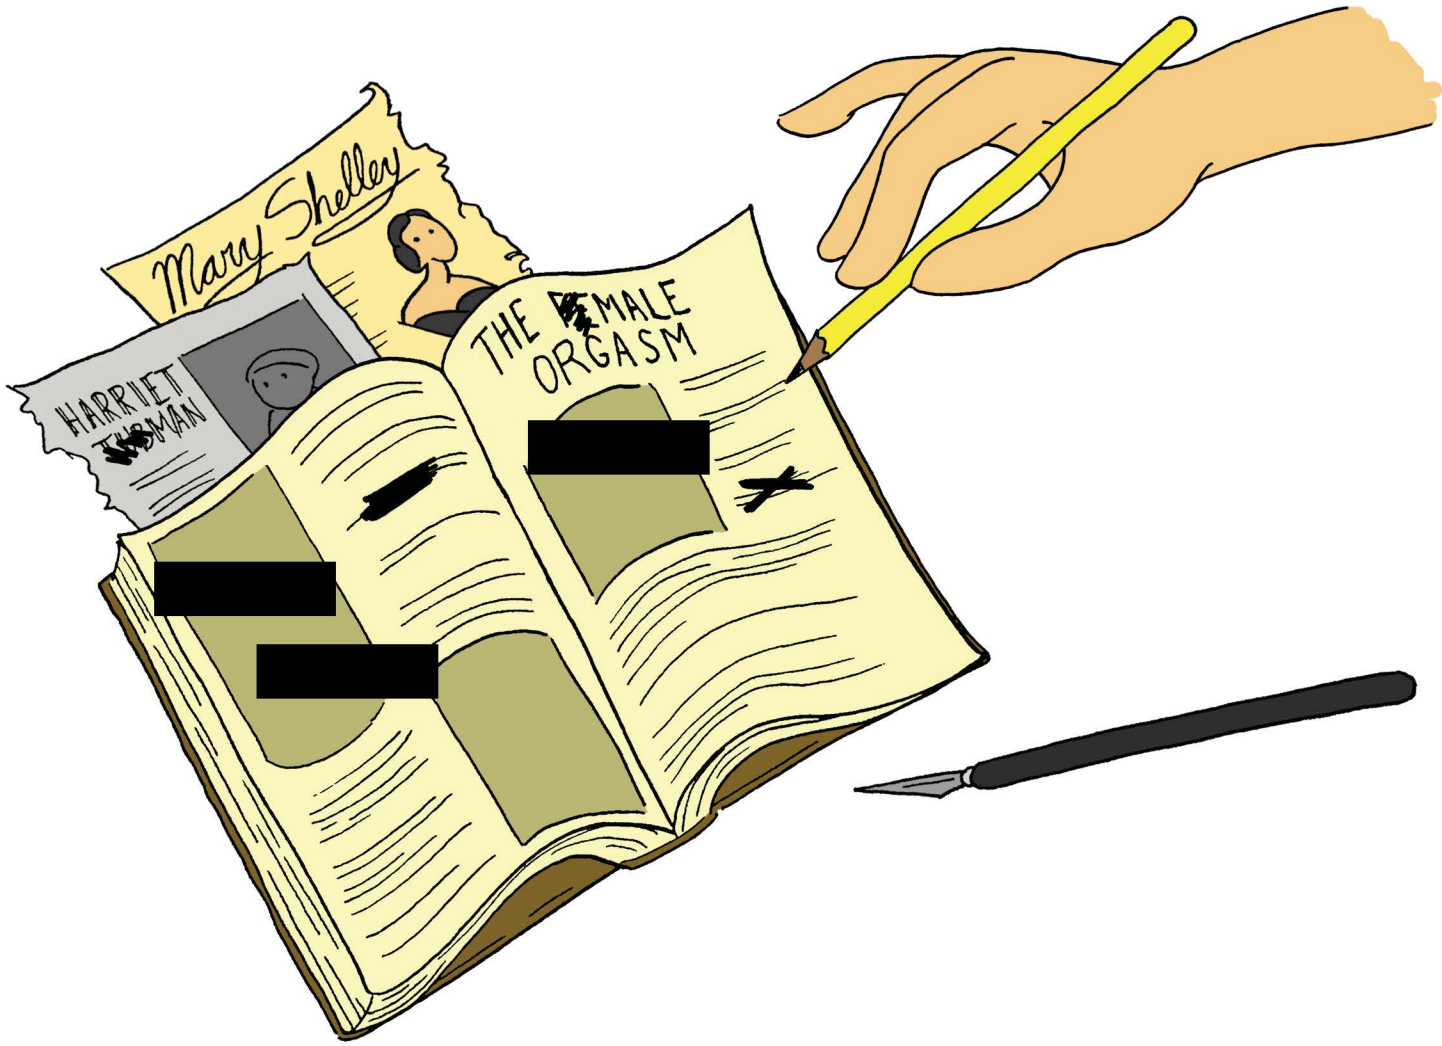
In the end, whatever real men
were left had to stand up
and stop the n/88le
from taking over America.

(Did you know that before the Men Matter Movement, n/88les outnumbered men more than 2 to 1?)

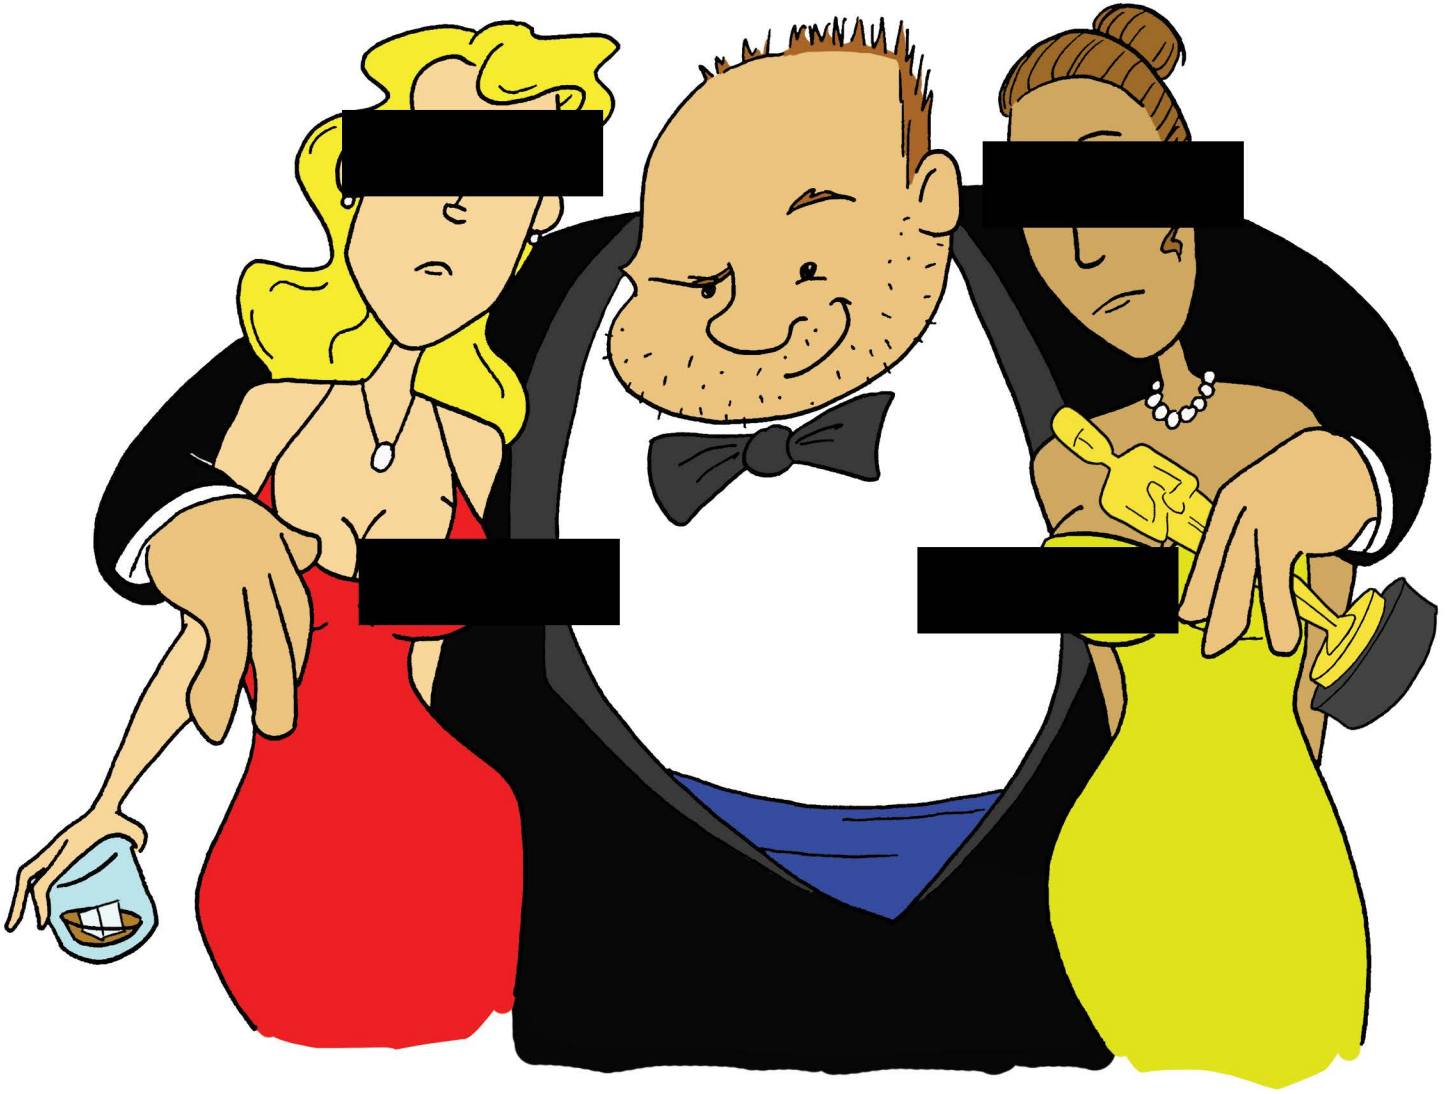


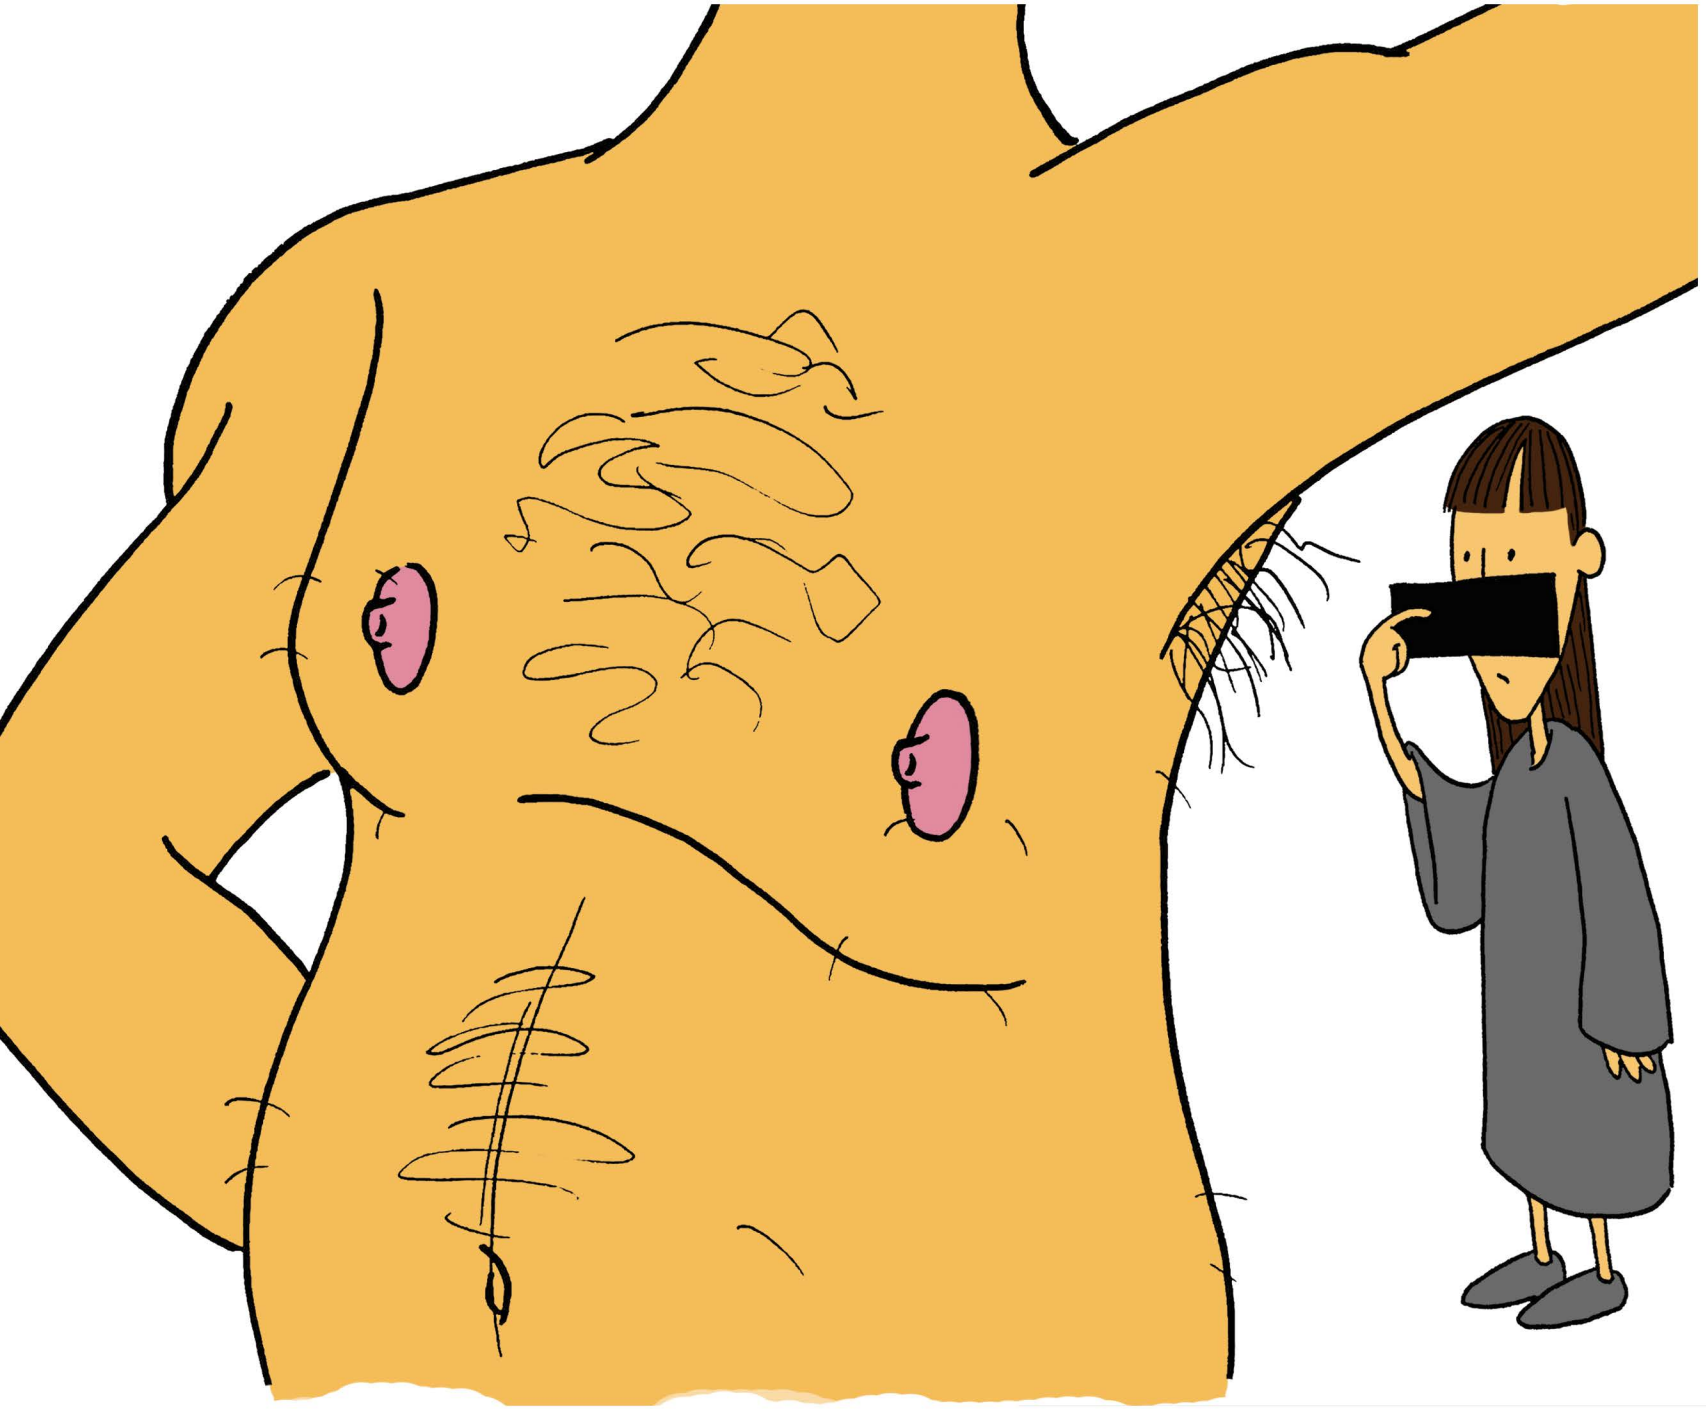
The MMM helped us understand the danger of the n/88le.

It corrected w&★n whose
thoughts and ideas were poisoned by them . . .



. . . and made sure w&★n
who weren't controlled by them had a place.

SYMPOSIUM -ON- WOMEN -IN- SYMPOSIUMS




Finally, the MMM grabbed all the n/88les that were left and kept them where they wouldn't bother anyone.
